## Supplies

4.0 mm hook  
Brown yarn [suggested Sirdar Country Style DK SH530]  
Red yarn [suggested Stylecraft Life Chunky Colorway 2306]  
Off-white yarn (skin tone) [Sirdar Country Style DK SH411]  
Fimo Effect clay: ruby red, metallic gold  
Gold metallic embroidery thread  
Sewing thread to match the dress and the pipe cleaners  
9.mm Safety Eyes  
Brown pipe cleaners  
Stuffing  
Small piece of cardboard for dress base

I used a 4.0 mm hook throughout. The fur trim on the dress bottom and the sleeves was done by sewing brown pipe cleaners to the crochet. The crown was done with Fimo Effect clay: ruby red and metallic gold. The crown was made last so that I could make sure it fit the head.

## Terminology and links

(American crochet terminology)

**Magic loop technique** - <http://www.planetjune.com/blog/tutorials/magic-ring-right-handed/>

**Slip stitch** - <http://www.planetjune.com/blog/amigurumi-help/crochet-basics-right-handed/#slst>

**Sc** – Single Crochet

**Inc** – Increase (2 sc in one sc stitch)

**Dec** – Invisible decrease [http://www.youtube.com/watch?v=tZ575\\_ZklWk](http://www.youtube.com/watch?v=tZ575_ZklWk)  
video or written tutorial <http://www.planetjune.com/blog/amigurumi-help/invisible-decrease/>

**Row vs. round** – A **row** in crochet is single crochet straight across, chain, and turn. In a circle, you slip stitch into the first single crochet you made for that row to finish the row, then chain 1, and then do the next row without turning. The slip stitch does not count towards the stitch count.

A **round** is a spiral, created by continuing on to the next instructions.

**Back loop only** –Do a normal single crochet in the back loop of the V.

## Dress Base

The base is done in circular rows. Each time you finish going around the circle, slip stitch into your first stitch and then chain 1 to give you enough height to do the next row.

The total number of stitches are noted in square brackets [ ] at the end of each line of instructions.

Magic Ring 6 [6]

Inc around [12]

(1 sc, 1sc, inc) around, slip stitch, chain 1 [24]

(1 sc, 1 sc, 1 sc, inc) around, slip stitch, chain 1 [30]

(1 sc, 1 sc, 1 sc, 1 sc, inc) around, slip stitch, chain 1 [36]  
sc x36 back loop only [36]

This step flips you onto the top of the disc that you have just made. Now start doing the main body of the dress in spirals. You don't need to slip stitch and chain at the end of each round.

I used invisible decreases, but you can use normal ones, if you prefer.

(1 sc, 1 sc, 1 sc, 1 sc, dec) around [30]

Cut out a circular piece of cardboard the size of the base (approximately 2.5 inches across, but cut it to fit the size of your base. It may vary depending on the weight of the yarn you are using). Put the cardboard into the dress at the bottom. The stuffing will keep it in place and the base will remain nice and flat.

(1 sc, dec) around [12]  
Stuff the dress now.

## Head

Use the off-white yarn for the face and brown yarn for the hair.

Sc around, slip stitch, chain 1 [12] skin yarn  
(1 sc, inc) around, slip stitch, chain 1 [18] skin yarn  
(1 sc, 1 sc, inc) around, slip stitch, chain 1 [24] skin yarn  
We now do half the circle in brown and the other half in skin.  
Sc x11 in brown, sc 13 in skin, slip stitch, chain 1 [24]  
Sc x11 in brown, sc 13 in skin, slip stitch, chain 1 [24]  
Sc x11 in brown, sc 13 in skin, slip stitch, chain 1 [24]  
Sc x11 in brown, sc 13 in skin, slip stitch, chain 1 [24]  
Sc x11 in brown, sc 13 in skin, slip stitch, chain 1 [24]  
Sc x11 in brown, sc 13 in skin, slip stitch, chain 1 [24]  
Switch to using only brown, sc x24 around, slip stitch, chain 1 [24]

Good idea to put eyes in now and stuff it a little.

(1 sc, 1sc, dec) around, slip stitch, chain 1 [18]  
(1 sc, dec) around, slip stitch, chain 1 [12]  
dec around [6]

Stuff the head to fullness because it will be difficult to do any stuffing after you do the next row.

dec around [3]

Close off.

## Collar

This diagram shows the shape of the finished collar:

Do the collar in straight rows (doing the slip stitch and chain 1 again), but with the increases placed so that it becomes circular.

Chain 13

Sc x12, chain 1 [12]

(1 sc, inc) across, chain 1, turn [18]

(1 sc, 1 sc, inc) across, chain 1, turn [24]

(1 sc, 1 sc, 1 sc, inc) across, chain 1, turn [30]

(1 sc, 1 sc, 1 sc, 1 sc, inc) across, chain 1, turn [36]

Before you place the collar on the neck, I recommend making the chest piece, because you need to sew the chest piece to the collar.

## Chest Piece

Leave a long piece of yarn hanging off the chain. You are going to use this yarn to sew the chest piece to the collar. This diagram shows the shape the finished chest piece:

Chain 6

Sc x5 across, chain 1, turn [5]

Sc x5 across, chain 1, turn [5]

Sc x5 across, chain 1, turn [5]

Dec, sc, dec across, chain 1, turn [3]

Sc x3 across, chain 1, turn [3]

Sc x3 across, chain 1, turn [3]

Sc x3 across, chain 1, turn [3]

Sew the chest piece to the front of the collar. Then put the collar around the doll's neck and use the length of yarn from the chest piece to sew back of collar together.

Use the gold embroidery thread around the edge of the neck and collar.

## Sleeves

The sleeves were done in a spiral, but they can be done in rows. It's up to you!

All increases are done at the start of a round, which creates a bit of a lopsided shape to give the look of draped sleeves.

Magic loop [6]

Inc, inc, sc x8 [10]

Inc, inc, inc, sc 10 [13]

Sc x13 [13]

Sc x13 [13]

Make a second sleeve. Sew the sleeves onto body. You can sew on the pipe cleaners now. I just wrapped them into the shape, cut them to the needed length, and then sewed them on with brown thread.

## Hair Roll

The hair roll is also done in a spiral, so there's no need for slip stitch and chain 1.

Magic loop 3 [3]

Inc x3 [6]

Inc x6 [12]

Sc x12 for next 22 rounds

Stuff the hair roll at this point.

Dec x6 [6] (Stuff a little more at each row until tie-off.)

Dec x3 [3]

Close off, and then sew the hair roll onto the head.

## Crown

Fimo Effect clay

I rolled the gold clay into a cylinder for the bit that wraps around the head.

I shaped the triangular top and gently meshed it with the main cylinder.

I made two more gold rolls and meshed them into the main cylinder.

Then I made three narrow red cylinders and overlaid them onto the centre and sides.

I pushed a toothpick through the triangular top so that I could sew it to the hair roll when finished.

Follow manufacturer's directions for baking the clay.

Let the invasion begin!
